

PEACE THOUGHTS'

'Because of our selfishness, we have failed in our responsibility to be guardians and stewards of the Earth.

We have polluted and despoiled it, endangering our very lives.....

Listen to the cry of the Earth and the cry of the poor,
who suffer most because of the unbalanced ecology.'

'We appeal to all people of goodwill to consider ways of living less wastefully and more frugally, manifesting less greed and more generosity for the protection of God's world and the benefit of God's people.'

'Rivers do not drink their own water;
trees do not eat their own fruit;
the sun does not shine on itself

and flowers do not spread their fragrance for themselves.

Living for others is a rule of nature. We are all born to help each other. No matter how difficult it is...life is good when you are happy; but much better when others are happy because of us.'

GOSPEL THOUGHTS

Red or Blue we some times cannot see any good at all in the other football team. Jealousy is a feeling that comes from insecurity. We are so mean hearted that we dare not see the good in those who are not in our team. If we see no good in the other person cruelty has possessed our heart.

Moses and Jesus have the same trouble with their followers, because they do not trust people who are not in their own team. Both, Moses and Jesus correct the mistake and call for trust in their followers.

We are all to see the spirit, the goodness in others even in our opponents. Let us pray to hear that advice in handling our own divisions, arguments and jealousies.

This is the way to joy and happiness. If we can change the way we see supporters of that other team we can rejoice together!
