

PEACE THOUGHTS

A blind person once asked a wise man,
'Can there be anything worse than losing one's sight?'
And the wise one answered, Yes! Losing one's vision!

Isn't it strange how we as people are selective about
the truth we want to see or hear?
E.A. Bucchianeri

The trouble is that once you see it, you can't unsee it.
And once you've seen it, keeping quiet, saying nothing,
becomes as political an act as speaking out.
There's no innocence. Either way, you're accountable!
Arundhati Roy

Privilege is not knowing that you're hurting others and not listening
when they tell you.....When you're accustomed to privilege,
equality can feel like oppression!!

GOSPEL THOUGHTS Mark 10: 46-52

A wise person not only
knows what they know, but
they also know there are
things that they do not know!
We are blind to lots if we only
cling on tight to what we can
see, we cannot see what we
do not yet know!

Are we called to be excited that Jesus is calling us to see
the way he sees; asking us to know we are blind and he can help
us see?

Listening to the gospel at Mass works best for people who
want to know more. The disciples know Jesus, but seem blind
to what he has to do; to seek out the stubborn who refuse to
listen. We are sometimes like the disciples; we have the
opportunity to listen to Jesus and learn, but we feel we know
already, blind to what we could learn.

After all we have learnt about Jesus and our part in his
plan, we have a fantastic opportunity to listen and know more
about him at each Mass. This can only happen if we are eager
to listen and be changed.

the largest gathering of world leaders ever to take place

to let the Prime Minister know YOU are concerned.
