

‘With Jesus we can achieve what we dream and believe’

Homework Policy March 2023

St Michael's Catholic Primary School

This homework policy has been written in light of feedback from parental questionnaires, informal discussions with parents, and consultation with staff and governors.

We believe homework consolidates and reinforces skills and understanding in maths, English and other curriculum areas, helps raise the level of achievement of individual pupils, provides opportunities for parents/carers and children to work together and, thereby, fostering an effective partnership between home and school.

We value the support of parents/carers and we believe that this policy will be successful if there is a strong and effective partnership between home and school.

We recognise that all children need leisure time and hope that our policy reflects a good balance, allowing children to extend and consolidate their learning with parental support, whilst still allowing ‘down time.’

A breakdown of how homework is structured is provided below. This has been designed to encourage a gradual progression of skills and expectations, so by the time children reach Year 6 they have established a clear routine in preparation for secondary school. Most of the homework is provided for completion over the course of a week and/or weekend, in order to fit around family lifestyles and commitments.
