Friday 24th November 2023

Dear Parents/Carers

Sleeping Beauty Pantomime – parent/carer helpers

The date is Wednesday 20th December 2023.

We will need a small number of parents/carers to help with this trip. It promises to be a wonderful event. Letters with return slip will go home with children today.

If we have more volunteer parent/carer helper forms returned for classes than we need we will put all names in a hat and select –so it is fair to all parent/carers who want to join us on the trip. We have limited adult tickets and coach places.

Please return slip by **Friday 1st December** to your class teacher.

The show begins at 1.15pm. So we will leave school at 12.30pm. Parent/Carer helpers will need to be in school by 11.45pm for a pre-trip briefing.

Update for Pantomime: It is very likely that we will not return to school ready for pick up until **4.30pm**. Please note this later time than first stated.

New Double Junior entry gates

It has been wonderful to receive all the positive feedback about our new double gates. They have definitely eased the congestion at the junior main entrance. Thank you for your patience and support while the new gates were being installed.

End of Term: Thursday 21st December at 1.30pm.

Have a lovely weekend

Mrs Alyson Rigby

Class Focus: Hotshots

English - We've been improving our writing skills this week by understanding and applying personification, fronted adverbials for 'where' and 'time' and expanded noun phrases. Using these skills has developed our writing and makes it exciting to read.

Maths - We have been working on our times tables along with addition and subtraction. We have been concentrating on different methods and understanding the relationship between addition and subtraction. We've used these skills and demonstrated how important they can be in our daily lives.

RE - This week, we have been looking at the importance of building and supporting 'friendships'. It has been wonderful to see children discussing this topic as it highlights the commitment and appreciation they have for their friendship groups.

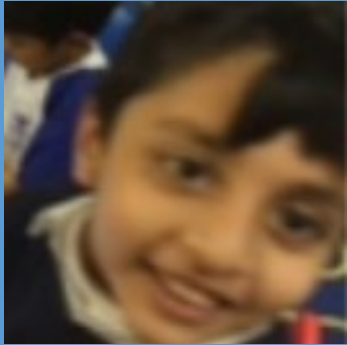

Science - We have been looking at our topic 'Animals, including Humans' with a specific focus on classification. The classes we have concentrated on are herbivores, omnivores and carnivores.

Preparing for Jesus: Matthew 25:1-13

How should we prepare to meet Jesus?

Be Ready...

Matthew 25:1-13

Is it important to be prepared?

If you were going to meet Jesus what would you do?

How would you be?

What do you want Jesus to see in you?

Tuesday 22nd November

God of all,
you sent your Son
to show us how to live.
Help us to listen to the truth
and to follow Jesus' example in our lives.
Amen.

EVERY SCHOOL DAY COUNTS

Attendance Ladder

Regular attendance at school is the single most important factor in a child/children making appropriate progress and achieving success. Good, regular and punctual attendance means doing well academically, developing better relationships with other children and positive behaviour. It also sets up good habits for when young people enter into work and life.

We aim for average school attendance to be 97% There are 190 days in a school year which leaves 175 days to spend on family time, shopping, appointments and other things.

It is also important to arrive at school on time. If a child arrives late to school every day, their learning begins to suffer. This graph shows how being late to school every day over a school year adds up to lost learning time.

Should I keep my child off school?

Yes

Until...

Chickpox: at least 5 days from the onset of the rash and until all blisters have crusted over

Diarrhoea and Vomiting: 48 hours after their last episode

Cold and Flu like illness (including COVID-19): they no longer have a high temperature and have returned to their normal behaviour

Measles: 4 days after the last fever episode

Mumps: 5 days after the swelling started

Skin rash: they've had their first treatment

Scarlet Fever: 24 hours after they started taking antibiotics

Whooping Cough: 48 hours after they started taking antibiotics

No

but make sure you let their school or nursery know about...

Head, feet and mouth: Glucocorticosteroids

Head lice: Shampoo

Throat issues: Stopped drink

Advice and guidance: To find out more, search for health protection in schools or scan the QR code or visit <https://www.nhs.uk>

IMPORTANT INFORMATION

In the interest of your child's safety and well being, a named adult needs to be contactable at all times. Please ensure the school has at least 3 up to date telephone numbers. If school are unable to contact you and have concerns we may call the police and request a welfare check.

Can you please call school at the beginning of the day if your child is going to be absent.

MEASLES

Don't let your child catch it
- get them vaccinated with the MMR vaccine

The number of young people catching measles has risen. It's never too late to be vaccinated. You need two doses of MMR one month apart to be fully protected against measles, mumps and rubella.

It's time to make measles a disease of the past.

If you have symptoms of measles, stay at home and phone your GP or NHS 111 for advice. STAY AWAY from GP surgeries and A&E departments - you could spread the illness to others.

Measles symptoms include: high fever; sore, red, watery eyes; coughing; aching and feeling generally unwell; a blotchy red brown rash, which usually appears after the initial symptoms.

Starting nursery?

When your child starts nursery they will be learning and playing with more children. If they are not up to date with their jabs, they could be at risk of catching preventable diseases.

Check their personal health record (Red Book) and contact their GP surgery to ensure your child has had all their routine vaccinations. To get the best protection for your child, they need to have had two doses of MMR vaccine and be up to date with all their routine vaccinations.

For a full checklist of all the vaccines and the ages at which they should ideally be given visit:
