

PEACE THOUGHTS ON THE FEAST OF THE HOLY TRINITY

Trinity is Community

'The Feast of the Most Holy Trinity invites us to commit ourselves in daily events to being leaven of communion, consolation and mercy. In this mission, we are sustained by the strength that the Holy Spirit gives us: who takes care of the flesh of humanity, wounded by injustice, oppression, hate and avarice. The feast of the Most Holy Trinity renews our mission of living in community with God and with all people.'

Pope Francis

'One of the marvellous things about community is that it enables us to welcome and help people in a way we could not as individuals. When we pool our strength and share the work and responsibility, we can welcome many people, even those in deep distress, and perhaps help them find self-confidence and inner healing.'

Jean Vanier

'One of the most important things you can do on this earth is to let people know they are not alone.'

Shannon L. Alder

'The greatness of a community is most accurately measured by the compassionate actions of its members.'

Coretta Scott King

'We cannot live only for ourselves.

A thousand fibres connect us with all fellow women and men.'

Herman Melville

GOSPEL THOUGHTS: John 16:12-15

Your grandmother is a daughter, sister, mother, wife, auntie and more. We possibly have many roles too; sister, brother, daughter and son. The priest is probably a brother, son and uncle all at the same time.

These titles signify relationships. We have titles that come from actions in a family.

God is known by many titles but especially Father, Son and Holy Spirit. Each name of the Trinity signifies divine action; how God is the source of our life, our Brother always and our imagination and energy if we give ourselves to this divine aspect of our common humanity. God is present in you and others. We are to give ourselves to tune in to this divine reality in each other.
