Statement of intent

St Michael's understands that using online services is an important aspect of raising educational standards, promoting pupil achievement and enhancing teaching and learning.

The use of online services is embedded throughout St Michael's; therefore, there are a number of controls in place to ensure the safety of pupils and staff. Online services have been essential and will continue to be essential for delivering home learning.

The breadth of issues classified within online safety is considerable, but they can be categorised into three areas of risk:

- **Content:** Being exposed to illegal, inappropriate or harmful material, e.g. pornography, fake news, and racist or radical and extremist views.
- **Contact:** Being subjected to harmful online interaction with other users, e.g. commercial advertising and adults posing as children or young adults.
- **Conduct:** Personal online behaviour that increases the likelihood of, or causes, harm, e.g. sending and receiving explicit messages, and cyberbullying.

The measures implemented to protect pupils and staff revolve around these areas of risk. Our school has created this policy with the aim of ensuring appropriate and safe use of the internet and other digital technology devices by all pupils and staff.

3. [Updated] The curriculum

- 3.1. Online safety is embedded throughout the curriculum; however, it is particularly addressed in the following subjects:

[Updated]

- RSE
 - Health education
 - PSHE
 - Citizenship
 - Computing
 - Come & See
 - No Outsiders
- 3.2. The curriculum and St Michael's's approach to online safety is developed in line with the UK Council for Child Internet Safety's 'Education for a Connected World' framework and the DfE's 'Teaching online safety in school' guidance.
- 3.3. Pupils are taught the underpinning knowledge and behaviours that can help them to navigate the online world safely and confidently regardless of the device, platform or app they are using.
- 3.4. Online safety teaching is always appropriate to pupils' ages and developmental stages.
- 3.5. [Updated] The underpinning knowledge and behaviours pupils learn through the curriculum include the following:
- How to evaluate what they see online
 - How to recognise techniques used for persuasion
 - Acceptable and unacceptable online behaviour
 - How to identify online risks
 - How and when to seek support
 - [New] How to identify when something is deliberately deceitful or harmful
 - [New] How to recognise when something they are being asked to do puts them at risk or is age-inappropriate
- 3.6. The online risks pupils may face online are always considered when developing the curriculum. The risks that are considered and how they are covered in the curriculum can be found in [Appendix 1](#) of this policy.
- 3.7. **Sarah Reilly/Nicola Birch (DSL)** is involved with the development of St Michael's's online safety curriculum which is based around the Knowsley Scheme of work and the eCadets e-safety scheme.
- 3.8. St Michael's recognises that, while any pupil can be vulnerable online, there are some pupils who may be more susceptible to online harm or have less support from family and friends in staying safe online, e.g. pupils with SEND and LAC. Relevant

members of staff, e.g. **Sarah Reilly** for SEND and **Sarah Reilly/Nicola Birch** for LAC, work together to ensure the curriculum is tailored so these pupils receive the information and support they need.

- 3.9. Class teachers review external resources prior to using them for the online safety curriculum, to ensure they are appropriate for the cohort of pupils. When reviewing these resources, the following questions are asked:
- Where does this organisation get their information from?
 - What is their evidence base?
 - Have they been externally quality assured?
 - What is their background?
 - Are they age appropriate for pupils?
 - Are they appropriate for pupils' developmental stage?
- 3.10. External visitors may be invited into school to help with the delivery of certain aspects of the online safety curriculum. **Jade Gordon** and **Sarah Reilly/Nicola Birch** decide when it is appropriate to invite external groups into school and ensure the visitors selected are appropriate.
- 3.11. Before conducting a lesson or activity on online safety, the class teacher and DSL consider the topic that is being covered and the potential that pupils in the class have suffered or may be suffering from online abuse or harm in this way. **Sarah Reilly/Nicola Birch (DSL)** advises the staff member on how to best support any pupil who may be especially impacted by a lesson or activity.
- 3.12. Lessons and activities are planned carefully so they do not draw attention to a pupil who is being or has been abused or harmed online, to avoid publicising the abuse.
- 3.13. During an online safety lesson or activity, the class teacher ensures a safe environment is maintained in which pupils feel comfortable to say what they feel and asking questions, and are not worried about getting into trouble or being judged.
- 3.14. If a staff member is concerned about anything pupils raise during online safety lessons and activities, they will make a report in line with sections [16](#) and [17](#) of this policy.
- 3.15. If a pupil makes a disclosure to a member of staff regarding online abuse following a lesson or activity, the staff member will follow the reporting procedure outlined in sections [16](#) and [17](#) of this policy. (CPOMS)

- 4.5. In addition to this formal training, **Sarah Reilly/Nicola Birch (DSL)** and any deputies receive regular online safety updates to allow them to keep up with any developments relevant to their role. 12.[New] Online hoaxes and harmful online challenges

12.1. For the purposes of this policy, an “**online hoax**” is defined as a deliberate lie designed to seem truthful, normally one that is intended to scaremonger or to distress individuals who come across it, spread on online social media platforms.

12.2. For the purposes of this policy, “**harmful online challenges**” refers to challenges that are targeted at young people and generally involve users recording themselves participating in an online challenge, distributing the video through social media channels and daring others to do the same. Although many online challenges are harmless, an online challenge becomes harmful when it could potentially put the participant at risk of harm, either directly as a result of partaking in the challenge itself or indirectly as a result of the distribution of the video online – the latter will usually depend on the age of the pupil and the way in which they are depicted in the video.

12.3. [Sarah Reilly/Nicola Birch \(DSL\)](#) ensures that pupils are taught about how to critically identify when online content is untrue or harmful and how to respond to this content, in line with [section 3](#) of this policy.

12.4. [Sarah Reilly/Nicola Birch \(DSL\)](#) will work with [Sarah Reilly](#) to assess whether some pupils, e.g. pupils who have been identified as being vulnerable or pupils with SEND, need additional help with identifying harmful online challenges and hoaxes, and tailor support accordingly.

12.5. St Michael's will ensure all pupils are aware of who to report concerns to surrounding potentially harmful online challenges or hoaxes, e.g. by displaying posters.

12.6. Where staff suspect there may be a harmful online challenge or online hoax circulating amongst pupils in St Michael's, they will report this to [Sarah Reilly/Nicola Birch \(DSL\)](#) immediately.

12.7. [Sarah Reilly/Nicola Birch \(DSL\)](#) will conduct a case-by-case assessment for any harmful online content brought to their attention, establishing the scale and nature of the possible risk to pupils, and whether the risk is one that is localised to St Michael's or the local area, or whether it extends more widely across the country.

12.8. Where the harmful content is prevalent mainly in the local area, [Sarah Reilly/Nicola Birch \(DSL\)](#) will consult with the LA about whether quick local action can prevent the hoax or challenge from spreading more widely.

12.9. [Sarah Reilly/Nicola Birch \(DSL\)](#) will check the factual basis of harmful online challenges or hoaxes against a known, reliable and trustworthy source, e.g. the UK Safer Internet Centre, and will carefully consider if a challenge or story is a hoax or is harmful prior to providing any direct warnings to pupils or parents.

12.10. St Michael's understands that discussing or naming a specific online hoax can, in some cases, needlessly increase pupils' exposure to distressing content, and will avoid showing pupils distressing content where doing so is not considered absolutely necessary for preventing its spread or easing fears amongst St Michael's community.

- 12.11. Where **Sarah Reilly/Nicola Birch's** assessment finds an online challenge to be putting pupils at risk of harm, e.g. it encourages children to participate in age-inappropriate activities that could increase safeguarding risks or become a child protection concern, they will ensure that the challenge is directly addressed to the relevant pupils, e.g. those within a particular age range that is directly affected or even to individual children at risk where appropriate.
- 12.12. **Sarah Reilly/Nicola Birch (DSL)** and **Jade Gordon** will only implement a school-wide approach to highlighting potential harms of a hoax or challenge when the risk of needlessly increasing pupils' exposure to the risk is considered and mitigated as far as possible.
- 12.13. Prior to deciding how to respond to a harmful online challenge or hoax, **Sarah Reilly/Nicola Birch (DSL)** and **Jade Gordon** will decide whether each proposed response is:
- Factual and avoids needlessly scaring or distressing pupils.
 - Not inadvertently encouraging pupils to view the hoax or challenge where they would not have otherwise come across it, e.g. where content is explained to younger pupils that is almost exclusively being shared amongst older pupils.
 - Proportional to the actual or perceived risk.
 - Helpful to the pupils who are, or are perceived to be, at risk.
 - Age-appropriate and appropriate for the relevant pupils' developmental stage.
 - Supportive.
 - In line with [section 16](#) and [section 17](#) of this policy.

13. St Michael's website

- 13.1. **Jade Gordon** is responsible for the overall content of St Michael's website – they will ensure the content is appropriate, accurate, up-to-date and meets government requirements.
- 13.2. Staff are responsible for the content that is posted on their class page and curriculum page (if they are subject leaders).
- 13.3. The website complies with guidelines for publications including accessibility, data protection, respect for intellectual property rights, privacy policies and copyright law.
- 13.4. Personal information relating to staff and pupils is not published on the website.
- 13.5. Images and videos are only posted on the website if the provisions in the **[Photography Policy](#)** are met.

14. Use of school-owned devices

- 14.1. Staff members can be issued with the following devices to assist with their work:
- Laptop
 - Tablet
 - Computer
 - Mobile Phone

- 14.2. Pupils are provided with school-owned devices as necessary to assist in the delivery of the curriculum, e.g. tablets to use during lessons.
- 14.3. School-owned devices are used in accordance with the [Device User Agreement](#).
- 14.4. Staff and pupils are not permitted to connect school-owned devices to public Wi-Fi networks.
- 14.5. All school-owned devices are password protected.
- 14.6. All mobile school-owned devices are fitted with tracking software to ensure they can be retrieved if lost or stolen.
- 14.7. All school-owned devices are fitted with software to ensure they can be remotely accessed, in case data on the device needs to be protected, retrieved or erased.
- 14.8. [MGL and Tom Ferry](#) review all school-owned devices on a [monthly](#) basis to carry out software updates and ensure there is no inappropriate material or malware on the devices.
- 14.9. No software, apps or other programmes can be downloaded onto a device without authorisation from [MGL and Tom Ferry](#).
- 14.10. Cases of staff members or pupils found to be misusing school-owned devices will be managed in line with the [Disciplinary Policy and Procedure](#) and [Behavioural Policy](#) respectively.

15.[Updated] Use of personal devices

- 15.1. It is strongly recommend that no personal devices are to be used on the school network. Any personal devices that are to be used must be authorised by [Jade Gordon](#). These devices must then follow the following:
- 15.2. Personal devices are to be used in accordance with the [St Michael's Acceptable Policy](#).
- 15.3. Any personal electronic device that is brought into school is the responsibility of the staff member.
- 15.4. Personal devices are not permitted to be used in the following locations:

- 16.5. Where there is a concern that illegal activity has taken place, **Jade Gordon** contacts the police.
- 16.6. **[New]** St Michael's avoids unnecessarily criminalising pupils, e.g. calling the police, where criminal behaviour is thought to be inadvertent and as a result of ignorance or normal developmental curiosity, e.g. a pupil has taken and distributed indecent imagery of themselves. **Sarah Reilly/Nicola Birch (DSL)** will decide in which cases this response is appropriate and will manage such cases in line with the **Child Protection and Safeguarding Policy**.
- 16.7. All online safety incidents and St Michael's's response are recorded by **Sarah Reilly/Nicola Birch (DSL)**.
- 16.8. **Section 17** of this policy outlines how St Michael's responds to specific online safety concerns, such as cyberbullying and peer-on-peer abuse.

17.[Updated] Responding to specific online safety concerns

Cyberbullying

- 17.1. Cyberbullying, against both pupils and staff, is not tolerated.
- 17.2. Any incidents of cyberbullying are dealt with quickly and effectively whenever they occur.
- 17.3. Information about St Michael's's full response to incidents of cyberbullying can be found in the **Cyberbullying Policy**.

Online sexual violence and sexual harassment between children (peer-on-peer abuse)

- 17.4. St Michael's recognises that peer-on-peer abuse can take place online. Examples include the following:
- Non-consensual sharing of sexual images and videos
 - Sexualised cyberbullying
 - Online coercion and threats
 - Unwanted sexual comments and messages on social media
 - Online sexual exploitation
 - Upskirting.
- 17.5. St Michael's responds to all concerns regarding online peer-on-peer abuse, whether or not the incident took place on St Michael's premises or using school-owned equipment.
- 17.6. Concerns regarding online peer-on-peer abuse are reported to **Sarah Reilly/Nicola Birch (DSL)** who will investigate the matter in line with the **Child Protection and Safeguarding Policy**.
- 17.7. Information about St Michael's's full response to incidents of online peer-on-peer abuse can be found in the **Child Protection and Safeguarding Policy**.
- 17.8. Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment and to record an image beneath a person's clothing without consent and with the intention of observing, or enabling another person to observe, the victim's genitals or

buttocks (whether exposed or covered with underwear), in circumstances where their genitals, buttocks or underwear would not otherwise be visible, for a specified purpose.

17.9. A “specified purpose” is namely:

- Obtaining sexual gratification (either for themselves or for the person they are enabling to view the victim’s genitals, buttocks or underwear).
- To humiliate, distress or alarm the victim.

17.10. “Operating equipment” includes enabling, or securing, activation by another person without that person’s knowledge, e.g. a motion activated camera.

17.11. Upskirting is not tolerated by St Michael’s.

17.12. Incidents of upskirting are reported to **Sarah Reilly/Nicola Birch (DSL)** who will then decide on the next steps to take, which may include police involvement, in line with the **Child Protection and Safeguarding Policy**.

Sexting and the sharing of indecent imagery of pupils

17.13. Sharing indecent imagery is the sending or posting of sexually suggestive images of under-18s via mobile phones or over the internet. Creating and sharing sexual photos and videos of individuals under 18 is illegal.

17.14. **[New]** Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and developmentally expected, and sexual behaviour that is inappropriate and/or harmful.

17.15. All concerns regarding sexting are reported to **Sarah Reilly/Nicola Birch (DSL)**.

17.16. **[New]** Sarah Reilly/Nicola Birch (DSL) will use their professional judgement, in line with the **Child Protection and Safeguarding Policy**, to determine whether the incident is **experimental**, i.e. expected for the developmental stage of the pupils involved, or **aggravated**, i.e. involves additional or abusive elements, the images are used recklessly or there is an intent to harm the pupil depicted.

17.17. **[New]** Where the incident is categorised as ‘experimental’, the pupils involved are supported to understand the implications of sharing indecent imagery and to move forward from the incident.

17.18. **[Updated]** Where there is reason to believe the incident will cause harm to the pupil depicted, or where the incident is classified as ‘aggravated’, the following process is followed:

- **Sarah Reilly/Nicola Birch (DSL)** holds an initial review meeting with appropriate school staff
- Subsequent interviews are held with the pupils involved, if appropriate
- Parents are informed at an early stage and involved in the process unless there is a good reason to believe that involving the parents would put the pupil at risk of harm
- At any point in the process if there is a concern a pupil has been harmed or is at risk of harm, a referral will be made to children’s social care services and/or the police immediately

- The interviews with staff, pupils and their parents are used to inform the action to be taken and the support to be implemented
- 17.19. When investigating a report, staff members will not view and nude and semi-nude images unless there is a good and clear reason to do so.
- 17.20. If a staff member believes there is a good reason to view nude or semi-nude imagery as part of an investigation, they discuss this with **Sarah Reilly/Nicola Birch (DSL)** and **Jade Gordon** first.
- 17.21. The decision to view imagery is based on the professional judgement of **Sarah Reilly/Nicola Birch (DSL)** and always complies with the **Child Protection and Safeguarding Policy**.
- 17.22. **[New]** If a decision is made to view the imagery, **Sarah Reilly/Nicola Birch (DSL)** will be satisfied that viewing:
- Is the only way to make a decision about whether to involve other agencies because it is not possible to establish the facts from any pupil involved.
 - Is necessary in order to report the image to a website or suitable reporting agency to have the image taken down, or to support the pupil in taking down the image or in making a report.
 - Is unavoidable because a pupil has presented it directly to a staff member or nudes or semi-nudes have been found on an education setting's device or network.
- 17.23. **[New]** Where it is necessary to view the imagery **Sarah Reilly/Nicola Birch (DSL)** will:
- Never copy, print, share, store or save images; this is illegal.
 - Discuss the decision with **Jade Gordon**.
 - Undertake the viewing themselves, or make sure viewing is undertaken by another member of the safeguarding team with delegated authority from **Jade Gordon**.
 - Make sure viewing takes place with **Jade Gordon** or another member of the **SLT** in the room; additional people in the room will not view the imagery.
 - Only view the imagery on St Michael's premises.
 - Record how and why the decision was made to view the imagery in line with the **Record Management Policy** and the **Child Protection and Safeguarding Policy**.
 - Make sure that images are viewed by a member of staff of the same sex as the pupil, where appropriate.
 - Ensure that, if devices need to be passed on to the police, the device is confiscated, disconnected from Wi-Fi and data and turned off immediately to avoid imagery being accessed remotely; the device will be secured until it can be collected by police.
- 17.24. **[New]** Imagery will not be purposefully viewed where it will cause significant harm or distress to any pupil involved, in line with **Sarah Reilly/Nicola Birch's** professional judgement.
- 17.25. Any accidental or intentional viewing of imagery that is undertaken as part of an investigation is recorded.

17.26.[New] Where a staff member has accidentally viewed a nude or semi-nude image, **Sarah Reilly/Nicola Birch (DSL)** will ensure they are provided with the appropriate support, as viewing nude or semi-nude imagery of pupils can be distressing.

17.27.Viewing and deleting imagery is carried out in line with the **Searching, Screening and Confiscation Policy**.

17.28.Through the online safety curriculum, pupils are taught about how to recognise online abuse and where they can go for support if they experience it.

17.30.All concerns relating to online abuse and exploitation, including child sexual abuse and exploitation and criminal exploitation, are reported to Sarah Reilly/Nicola Birch (DSL) and dealt with in line with the **Child Protection and Safeguarding Policy**.

18.3. All staff and pupils using video communication must:

- Communicate in groups – one-to-one sessions are only carried out where necessary.
- Wear suitable clothing – this includes others in their household.
- Be situated in a suitable 'public' living area within the home with an appropriate background – 'private' living areas within the home, such as bedrooms, are not permitted during video communication.

- Maintain the standard of behaviour expected in school.

- Use the necessary equipment and computer programs as intended.
- Not record, store, or distribute video material without permission.
- Ensure they have a stable connection to avoid disruption to lessons.
- Always remain aware that they are visible.

18.4.St Michael's will consider whether one-to-one sessions are appropriate in some circumstances, e.g. to provide support for pupils with SEND. This will be decided and approved by the [SLT](#), in collaboration with [Sarah Reilly](#).

18.5.Pupils not using devices or software as intended will be disciplined in line with the [Behavioural Policy](#).

18.6.St Michael's will risk assess the technology used for remote learning prior to use and ensure that there are no privacy issues or scope for inappropriate use.

18.7. If possible, St Michael's will consult with parents at least [two weeks](#) prior to the period of remote learning about what methods of delivering remote teaching are most suitable – alternate arrangements will be made where necessary. If a bubble is required to isolate, this two week period can be ignored in order to quickly facilitate access to home learning.

18.8.St Michael's will ensure that all school-owned equipment and technology used for remote learning has suitable anti-virus software installed, can establish secure connections, can recover lost work, and allows for audio and visual material to be recorded or downloaded, where required. Google Accounts will be used for this.

18.9.St Michael's will communicate to parents in writing about any precautionary measures that need to be put in place if their child is learning remotely using their own/family-owned equipment and technology, e.g. ensuring that their internet connection is secure.

18.10.During the period of remote learning, St Michael's will maintain regular contact with parents to:

- Reinforce the importance of children staying safe online.
- Ensure parents are aware of what their children are being asked to do, e.g. sites they have been asked to use and staff they will interact with.
- Encourage them to set age-appropriate parental controls on devices and internet filters to block malicious websites.
- Direct parents to useful resources to help them keep their children safe online.

18.11.For children without internet access at home, St Michael's will provide internet access with Wifi Dongle.
